AS AUTO CHECK DEADLINE NEARS - Cars have been lined up virtually bumper-to-bumper at local inspection stations this week as the July 1 deadline for state stickers under the new inspection law draws closer. Here P. E. Porter, Jr., right and Latham Garriga get ready to certify auto No. 381 to go through Porter's Pontiac Service.

N. County Mail Routes Under Study

Whether north county residents will get postal service through a Hancock County post office probably will depend, in large measure, on the pleas of these citizens.

That view was expressed by Ray Gordon, president of the Hancock County Chamber of Commerce, following a conference Tuesday with Andy J. Becker, Bay St. Louis postmaster, and J. C. Jaqua of Meridian, field service officer for the Post Office Department, who came here to check on a recent resolution of the chamber requesting that local mail service be provided for the bulk of the area now served by rural routes through Pass Christian and Piquette.

Gordon suggested that persons concerned write the county chamber so it can continue its efforts or the Postoffice directly. Jaqua held out slender hope for the change, noting rural routes often cross even state lines where this is considered expeditious by postal authorities. But he vowed to study the matter and forward his findings to the regional office in Memphis, Tenn. A similar effort about 18 months ago was futile.

Fair Plans Progress

Plans are underway for the annual fair sponsored by Our Lady of the Gulf Catholic Church for July 15-16. A. J. Becker is chairman.

Persons wishing to assist or those having donations are asked to contact Rev. Michael Kelly at the rectory or Becker.

Car Inspection At Half Mark, Deadline Nears

A check today of the five authorized service stations for the inspection of motor vehicles here revealed the total number of autos inspected to date to be 2,644, slightly more than half of the estimated 4,000 registered vehicles in the county.

With the deadline July 1 only two days hence, all five stations report an overflow of cars. N. A. Pernicelli having 279, Sam Pernicelli 846, Batey's Service 252, Gulf Chevrolet 871, and Porter's 396.

Approximately 65 vehicles of the 2,644 have been rejected because of extensive need of repairs.

Anticipating between \$7,000 and \$8,000 collections in September on homestead exemptions the board of supervisors Monday voted to pay May bills of \$7,688.78 from the county general fund after spending the month of June wondering how to cope with the tight financial situation.

Charles Russ, Jr., of Beat 1 moved to repay \$15,000 from the general fund to the road and bridge bond fund before Sept. 30, leaving \$7,000 still owed, with L. M. Frierson of Beat 2 making the second. Motion to pay May bills was by James Necaise of Beat 4. Clerk Claiborne Ladner reported the general fund contained \$28,248 on May 31.

President R. G. Hubbard, Jr., suggested the continuing budget problem could be eased by getting a local bill through the next session of the state legislature to transfer to the general county fund the surplus from the road and bridge bond fund the bonds are paid off. He noted further that repayment of funds loaned to the board of education for bus purchases would go a long way to relieving the situation now.

He disagreed with the suggestion of Lucien Gatz, board attorney, that some relief might be obtained with a special 2-mill levy under Sec. 9118-12 of the State Code similar to Harrison County's action which was ruled acceptable. "When I got in office we were 19 1/2 mills in excess of what the law permits," Hubbard declared. "That's why I'm concerned."

L&N Upholds Service Cut

Early morning and late evening train riders will flag their own trains beginning Friday in Bay St. Louis.

City Commissioner J. Cyril Glover announced this morning that the city's plea for the continuation of local ticket agent service before 8 a.m. and after 5 p.m. has been disapproved by the L&N railroad.

L. V. Newma, district superintendent, informed Commission Council by long distance telephone Wednesday that the railroad intended to take the action previously stated. This will mean the elimination of two of the three agent operators now employed at the Bay St. Louis depot, and will discontinue the purchase of tickets, telephoning and use of the freight office except between the hours of 8 a.m. and 5 p.m.

C. S. Mills, mobile trainmaster for L&N, met earlier this week with Commission Council and a group of civic leaders to discuss the possibility of an extension of this service. Mayor John Scalfie reminded Mills that the greatest demand for the service of an agent operator is before and after operating times proposed by the Crescent, the Pennant and the commuter train pass through the city.

Mills explained that the move was simply an economical one and that the railroad didn't expect service to be affected.

The group requested then that the district superintendent contact council immediately to discuss the situation and perhaps reach a solution. Glover said the next move will be to take the matter up directly with Newman

and if necessary go to the Louisville office.

Mayor Garfield Ladner of Waveland; O. W. Delph, representing the Retail Merchants Assn.; Herbert Wise, Rotary; Ray Gordon, Hancock County Chamber of Commerce; Rev. John Coady, S.V.D., institutions of the city; T. A. Mitchell, L&N employee and members of the city commission conferred with Mills Tuesday.

Freak Mishap Is Fatal to Rester Child

A two year old baby boy was killed about 9:30 a.m. Tuesday in Leetown when a one and a half ton truck driven by his father backed over him.

The child, Ronald Mark Rester, son of Mr. and Mrs. James Rester, was pronounced dead on arrival at Crosby Memorial Hospital in Piquette. No inquest is planned.

The tragedy occurred when the father, a prominent dairy farmer, was building a fence around his yard and backed the truck in to unload lumber, not seeing the child who was playing nearby.

Besides the parents, two brothers and a sister survive. He was also the grandson of Otto Rester, president of Coast Electric Power Assn.

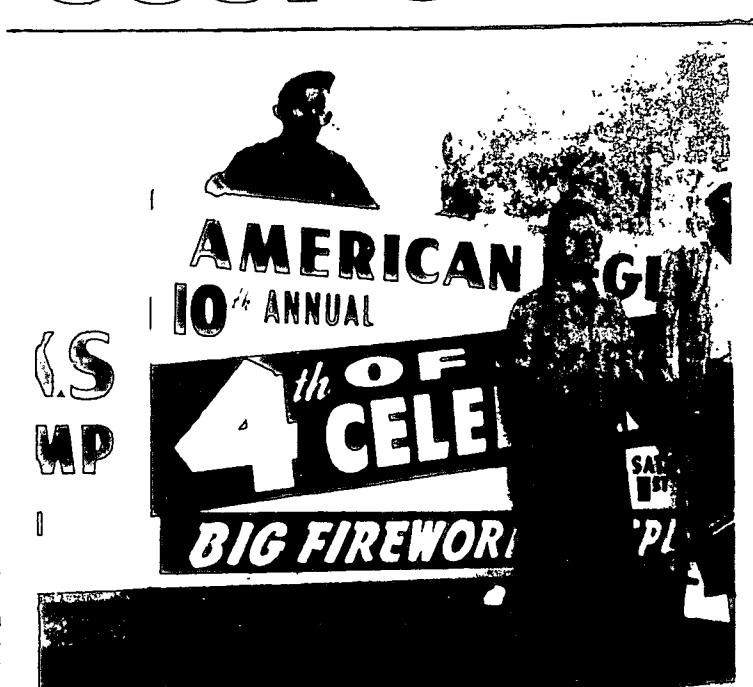

The funeral was at 2 p.m. Wednesday from the Union Baptist Church in Caesar with interment in Caesar Cemetery.

county reminded supervisors equipment inventories are due Oct. 1 and should be inserted in the minutes, urged proof of delivery receipts for materials ordered and reminded the law states that during a supervisor's term in office and for one year afterwards purchases cannot be made from his business. He said he was sure the latter practice was through ignorance and advised doing business with the successful bidders. He mentioned also endorsements on some warrants and while there might be nothing questionable he suggested different practices.

Bacon emphasized the need for delivery receipts citing the question of lumber which Wells-Taylor Woods Preserving Co.

Sheriff Gerald V. Price submitted to the board of supervisors Monday a list of 44 prisoners held in the county jail over the last several months on what he called more serious offenses and inquired, "Am I supposed to let these kind of people run the streets?"

His report was in rebuttal to an expression of opinion last week by the supervisors that prisoner costs under his administration were one major contribution to the depleted condition of county finances.

After reciting the names, charges and whether the individuals were held by his office, order of Circuit Judge Leslie Grunk, justice of the peace or for the grand jury, Price pointed to his election pledge to provide police protection. He cited the 24-hour service now given by his office, his maintenance of three patrol cars and record of solving about 90 per cent of the robberies with convictions in 80 per cent of the cases.

The sheriff also noted the prisoners work in maintaining county property and that he collects food costs from them wherever possible. He estimated that fines turned in by Beat 5 Justice of the Peace Nelius Rhodes alone would be in excess of \$1,000 for May and June each.

R. G. Hubbard, Jr., Beat 5

supervisor and president of the board, replied that the supervisors had merely felt prisoner bills were a "little high" but would have to check all items to determine the cause of financial difficulties.

He emphasized that the board prepares a budget each year on the basis of anticipated income and county spending had not reached the point where the supervisors would be liable on the bonds if it is exceeded. He expressed the hope that fine revenue would offset the increased prisoner costs.

Benvenuti was named legal advisor; Gordon C. Romanoff, publicist; chairman. 3 Nabbed Here As Suspects With Narcotics

Quick work and a radioed tip netted Deputy Sheriffs Roland LaFontaine and Walter Yarborough and Highway Patrolman R. E. Blackwell three persons allegedly having narcotics in their possession about 7:15 p.m. last Friday.

Chief Deputy Gerald V. Price, Jr., reported the trio was nabbed by the officers after five minutes after LaFontaine and Yarborough heard a bulletin broadcast out of patrol headquarters in Gulfport seeking the apprehension of the persons.

The officers picked up the trail of the tax cab the persons were in on U.S. 90 near the bridge and stopped it where the highway begins its two lanes.

The suspects, Dorothy L. Allen, 20, James A. Carter, 27, and Carmelo Artid, 41, addresses unknown, were taken to Gulfport for questioning and were booked for possession of narcotics at the Harrison County jail after police there found a bottle of unidentified pills under the front seat of the cab.

Price said the woman had a former record of the same charges.

Food for Thought

There are some things that everybody hesitates to say even when they might think they have merit. This week we want to drop a few suggestions of a controversial type in the mental mill.

1. Isn't the caution light at Dunbar and Highway 90 too fast? i. e., with good brakes, going the posted speed limit of 50 miles an hour, is it difficult to stop in the time between the yellow light's appearance and that of the red.
2. The traffic light at Coleman Avenue and Beach Boulevard frequently doesn't work correctly it seems to us and why have it operating from mid-evening to mid-morning.
3. To get to more deliberate problems, would it be a good idea for the area serviced by the Bay St. Louis Separate Municipal School District, essentially Waveland and Bay St. Louis, to be incorporated as one municipality? Both have, we think, exceptionally good and honest city fathers, but would the change be a good idea? Like Winston-Salem, N. C. it could be called Bay-Waveland. Think about it.
4. We're hiding out.

Retail Merchants Plan Giant Mid-July Sales

On tap for mid July is a giant sales event to be sponsored by the Bay St. Louis Retail Merchants Assn.

Sheldon Seuzeneau, sales promotion chairman, and his committee composed of James McDonald, Robert Lauderdale, Myron Smith and Joseph Kern, are busy completing plans for the bargain days proposed to stimulate local business.

Also slated by the group is a spot check into the buying habits of Bay St. Louisans to determine where, how, what and when they are doing their purchasing. Warren Carver, chairman of public relations, presented a preliminary plan to members at a meeting last Thursday in the Chamber of Commerce office.

Octave Delph, chairman, reported on a meeting he, Joseph R. Scharrf and Seuzeneau attended in New Orleans.

Letters to The Editor

Editor, Sea Coast Echo:
On behalf of all of us who are interested in the newly formed Hancock County Assn. For Retarded Children, I would like to thank you for the prominent coverage given the news article in last week's paper concerning the organization of this association.

While much has been written about it during recent years many people are still almost completely uninformed on the subject of mental retardation.

Surprising to most people is that there are an estimated 5,000,000 retarded in the United States. That is approximately 3% of our total population. Mental retardation is nine times more prevalent than cerebral palsy. There are ten times more mentally retarded than there are permanently afflicted polio sufferers.

Modern research has given us a great deal of information on the subject. We know that any family, no matter what its economic, cultural, educational, racial, or religious background may have a mentally retarded child. There are at least 70 known or suspected diseases or mishaps occurring before or during birth or in early childhood that may cause mental retardation.

Space does not permit more on this subject. May I take this opportunity, however, to appeal to the general public for their support. Membership is open to anyone interested.

5262; Edward D. Murtagh, HO 7-4522; and John D. Rutherford, Jr., HO 7-4244, were named to furnish emergency blood or donors for residents of Hancock County.

Committee reports indicated a surplus of blood being held and a fair financial situation which will probably eliminate need for the usual summer blood drawing.

A special church treat banquet was set for installation of officers some time in August.

IN TOKYO - Mr. and Mrs. T. J. Garner of Bay St. Louis are at left foreground in this photo which appeared in Tokyo's Asahi Evening News of delegates to Rotary International's convention disembarking at Harumi Pier after being ferried to the convention site from Yokohama aboard the 1,800 ton Tochiyama Maru.

Rotarian Praises Jap Hospitality

Hospitality of the Japanese is an outstanding attribute of that nation declare Mr. and Mrs. Thomas J. Garner who returned last week from the Far East where he was the delegate of the Bay St. Louis Rotary Club at the

Pick Chapman As Navigator

Arthur Chapman was elected navigator of Pere LeDuc Assembly of the Fourth Degree of the Knights of Columbus at a meeting June 27.

Serving with him will be Dr. A. K. Martinovich, faithful captain; J. I. McCaleb, reelected faithful pilot; Dr. J. J. Mollere, faithful controller; Anthony Morviale, reelected faithful outer sentinel; Salvatore Benigno, reelected faithful inner sentinel; and Albert Grass, faithful admiral.

The new officers reappointed Rev. Augustine L'Amoureux, pastor of the Church of the Annunciation in Kalm, as faithful friar.

The Garners were six weeks aboard the P&O Orient liner Chusan which tied up eight days at Yokohama, Tokyo's port, to house its 600 Rotary passengers since the 23,000 delegates overflowed hotel accommodations. Their picture appeared in Asahi Evening News, English language paper there, with a group of passengers served by the Japanese ferry service into the city for the convention opening.

The ship stopped at Honolulu on the way over and at Kobe, Japan, where they visited the interior of the island. The Garners spent one night in Ogaki, visiting her cousin, Mrs. Don McCall, and Mr. McCall, Presbyterian missionaries who showed them life in native Japan and the beautiful flowers. Land is so scarce that few city homes have more than two or three feet of garden, they explained. On one excursion they saw the renowned Buddha Kamakura, a bronze statue weighing about 300,000 pounds, standing 42 feet high. It was built about 900 A. D. and is remarkably good shape.

The Bay St. Louisians tried native food in Ogaki. "I could get used to it but the meat had an acid taste to me," Garner reported, while his wife enjoyed it.

The convention itself was opened by the Emperor and Empress of Japan and the Garners were fortunate enough to get a seal in Harumi Pier, a huge round building, and peeked at the royal couple from a quarter of a mile away through borrowed opera glasses. Hundreds of delegates viewed the proceedings over television in an adjoining building.

Exemplification of the Fourth Degree will be held in Biloxi in July with further details next week.

Although a little late best wishes to Mr. and Mrs. George Anderson and Mr. and Mrs. Carl Banderet on the occasion of their anniversaries.

Congratulations to our softball team in winning their last two games and to Henry (Tut) Monte, Team Manager.

Pere LeDuc Council will install newly elected officers at 8 p.m., Monday. A banquet will follow the ceremonies.

Our financial secretary, Wallace J. Bontemps, has finally missed a meeting after so many years. He and Mrs. Bontemps are enjoying a vacation spending most of their time in Arkansas and Tennessee. Wallace is serving his 26th year as financial secretary.

Ask to Fix Roof Leak N. Central

Concern over the condition of a portion of the roof at two year old Hancock North Central School was expressed by the county school board at its meeting Saturday after a letter from Leo Rouse, principal, advised them the roof was dripping tar and in all probabilities would soon start leaking.

The trustees all agreed to notify the general contractors, to remedy the situation as the 20-year guarantee promises and hinted at taking legal action if the contractors failed to repair the roof.

Rouse's letter also brought to the attention of the board the poor condition of the athletic field and the lack of proper lighting. He requested correction of the deficiencies in view of the heavy home football games scheduled for the coming season.

Superintendent K. G. McCarry suggested, with Rouse's consent, that Rouse contact the Picaune Lumber Co., asking for an estimate for pre-cut light poles and compare the estimate with the board hiring its own labor.

Another request by Rouse was for more athletic supervision but no steps were taken on this issue.

Trustee Ed Britte proposed that either awnings or venetian blinds be purchased for the classrooms on the southwest side of the building to shield students from afternoon sunlight but the board tabled this until an informal inspection could be made.

Willard and Troy Palmer appeared and asked for a renewal of their bus contract. The request was denied in accordance with a new state law that prohibits private bus transportation of county students. It was explained, however, that the county could purchase the buses from the Palmers at 10¢ per mile to lease their employment. The board also agreed to apply to the state for permission to purchase two additional buses to eliminate extensive routes and lengthy pick-up time.

claims was ordered in August, 1959, and it is not clear whether shipment was made to Beasts 1 or 2. The board approved a motion by Frierson to disapprove the claim allegedly bought by his predecessor.

Necaise cited the need for 10 light poles for the football field at North Central School with five home games scheduled and asked about trading some 16th Section timber to 60 to 65 foot poles.

Use of the rear room in the Agricultural Center by the Unemployment Compensation Commission was approved. It will be needed from 9 a.m. to 3:30 p.m. each Thursday.

Notary Public application of Thomas O. Logue, hospital administrator, was approved by Hubbard after Gex advised signing was up to the board president. Previously a motion by Charles Lavinghouse to approve it had died without a second.

Four identical bids on concrete bridge slabs from Chocoma, Inc., Trans-Mississippi Pipe & Concrete Co., Gulfport, and Shaw Supply Co., were approved. The board also voted to accept Hubbard's offer to buy Beasts 2 and 4's equity in an old dragline for \$500 each; steps to junk old county road equipment and transfer of \$5,000 from Beasts 5 funds to the state aid road project in the beat for freight and materials.

Miss Susan Favre Becomes Bride of Jimmie Ray Hoda

A double-ring ceremony at 3 p.m. Saturday at Church of the Annunciation, Kiln, united in marriage Miss Susan Lorraine Favre, daughter of Mr. and Mrs. Joseph Edward Favre of Kiln, and Jimmie Ray Hoda, son of Mr. and Mrs. Albert Hoda of Rocky Hill. Rev. Celestine Pfaffenstall officiated before an altar adorned with white gladioli and candles.

Mr. Favre gave his daughter in marriage. She was attired in a floor-length gown made by her mother with a fitted lace bodice with a scalloped neckline embroidered with pearls and sequins. The long sleeves ended in points over the hand and lace covered buttons. The full skirt of silk organza was fashioned with a lace panel in front and appliques of lace trimmed with pearls and sequins on the sides and rear. Her fingertip veil of illusion fell from a tiara of pearls and sequins and she carried a white orchid and fleur-de-lis with an heirloom pearl rosary.

Miss Marie Favre was her sister's maid of honor. Other attendants were Mrs. Vernon Neale of Rocky Hill, sister of the groom, and Miss Barbara Ann Bennett of Kiln. They wore short frocks of pale green silk organza with scooped necklines, fitted midriffs and full skirts appliqued with organza. Their headbands of green satin were trimmed with a circle of green tulle, held in place by a pearl cluster, and they carried crescent bouquets of daisies.

Little Elizabeth Favre, sister of the bride, was flower girl. Lionel Hoda was his brother's best man. Groomsmen were Jimmy Favre, the bride's brother, and C. J. Cameron of Deadeaux while Martin Favre, another brother of the bride, and Earl Edward Lader, her cousin, unshared. Richard Hoda, the groom's brother, was ringbearer.

A reception followed at the Kiln Youth Center where Mrs. Favre received in an ivory and beige dress with black and green accessories. Mrs. Hoda chose a green print with black accessories. Their flowers were orchids.

The bride's table was decorated with arrangements of fern and daisies and white and silver candles and covered with a curvwork cloth. The five-tiered cake was made by the bride's mother and Mrs. Cy Cuevas of Fenton. Aunts of the bride, Mrs. Bernard Curet of New Orleans, Mrs. Jimmy Curet of Long Beach and Miss Jenie Curet assisted in serving punch and cake while tea girls were Misses Rose Ann Favre and Mary Beth Lader.

When the couple left for a brief honeymoon along the Gulf Coast the bride was wearing a pale green sheath dress with a reversible jacket, beige accessories and the orchid from her bouquet at the shoulder. They will make their home in Tacoma, Wash., where he is stationed with the Air Force.

The bride is a 1961 graduate of Hancock North Central School. She is the granddaughter of Camille Curet and Mr. and Mrs. Sam Favre of Kiln and a great granddaughter of Mrs. Jimmie Lefebvre of New Orleans. The groom was graduated from Kiln High School in 1958.

Out of town guests here for the occasion included Mr. and Mrs. Bernard Curet of New Orleans, Mr. and Mrs. James Cook of Bloxi, Mr. and Mrs. Lee Fusate of Picayune and Mrs. Preston Fairchild of New Orleans.

MR. AND MRS. JOHN DEAN FOGLESONGER

Foglesonger-Fayard Vows Are Spoken in Cathedral

St. Louis Cathedral in New Orleans was the setting June 10 for the wedding of Miss Eugenie Carmen Fayard, daughter of Mr. and Mrs. Paul Emile Fayard of New Orleans, and John Dean Foglesonger, son of Mr. and Mrs. Leroy Baker Foglesonger, of Wyoming, Ill.

White gladioli and stock interspersed with greenery, flanked by palms, adorned the altar, before which Rev. John N. Courchesne officiated.

Escorted by her father, the bride wore a gown of Chantilly lace featuring a sobriano neckline and silk chiffon cummerbund. The bouffant skirt was scalloped at the hemline. The long tapered sleeves ending in points at the wrists were trimmed with tiny covered buttons. A coronet of orange blossoms held her fingertip veil of illusion and she carried a cascade arrangement of lily-of-the-valley centered with a white orchid. Her only jewelry was a strand of cultured pearls and earrings with diamonds, gift from the groom.

Matron of honor was Mrs. Francis J. Murphy of East Milton, Mass., and Mrs. Jean Vinet of New Orleans was an attendant. They wore shell pink gowns with soft gathered folds from a draped midriff with small pink seed pearls adorning the neckline of the simple canisole top. Mrs. Foglesonger chose a champagne tone embroidered silk organza dress and accessories in lilac. For traveling, the bride chose an olive green nubby linen two piece ensemble with floral overblouse, brown accessories and the orchid from her bouquet. After a brief visit in Washington, D. C., the couple will fly to Wiesbaden, Germany, to reside during the next several years.

TIPS FOR THE YOUNG - James Zimmerman, newly named athletic director for the Parks and Playgrounds Commission's summer program, talks shop with these members of the Junior Sheriffs Little League team.

Ray Kidd Pitches Scoops to Runaway

The Sea Coast Echo Scoops scored three victories in as many games over the past week to hold fast to first place and keep their undefeated record intact in Bay St. Louis Little League, age 13-15, activity.

In the lone Tuesday game, the Scoops took advantage of the wildness of Youth Center pitcher Gary Noto and together with daring baserunning, several good hits and two handy throws from the outfield to nab Youth Center runners for a 16-1 victory. The Scoops scored four in the first inning and two in the second, each time without a hit, then added four more in the third and six in the fifth.

Youth Center got their lone run in the bottom of the third when they put three singles together. A good throw from right field to third base by Chippy Henry stopped one Youth Center rally and a long pop from deep left-field to home plate by Paul Pursley cut short another threat. Left-hander Ray Kidd was the winning pitcher, going the distance which because of the score

and the late hour was only five innings. Gary Noto also pitched the route for Youth Center and was charged with the loss.

In one game of Sunday's twin-bill, Al Summy came up with 11 runs in the fourth inning and clobbered Youth Center 17-5. Because of the one-sided score, this game was also called after five innings.

Also Sunday, the Scoops downed Fahey Drug 4-3. They scored two in the first, added two more in the third, then had to save off a Fahey comeback attempt. Fahey scored once in the first, another in the third, and a third single tally in the sixth. Danny Henry was the winning pitcher.

In Thursday's o p e n e r, Fahey's defeated Youth Center 7-3. Charles Brinkland had a no-hit game until the seventh until Youth Center rallied to score two runs and spoil the effort. The nightcap saw the Scoops take an 8-0 lead over Al Summy after four innings only to see Summy come up with one in the fifth and five tallies in the seventh before the side could finally be retired. Ray Kidd got credit for the 8-6 win although he seemed to tire a bit in the seventh after six good innings. Earl Foyard started for Summy and was the loser. He was relieved in the third by left-hander Sam Allison. Harvey Mitchell led the Scoops at the plate with four singles in as many bays.

Diggers Score 2nd Upset of Sheriffs

Ken's Little Diggers for the second time this year topped the first place Junior Sheriffs 11-10 Tuesday night in the second game of a Little League double-header after Coast Electric had downed last-place 7-Up 7-2 in the opener.

The Sheriffs trailed 6-5 going into the fifth and final inning but four walks and a long grand-slam home run by Danny Krankey made the count 10-6 moving toward the bottom of the fifth. The Diggers then proceeded to take advantage of wildness by the pitcher and scored five themselves without a hit. Larry Goyard was the winning pitcher for Ken's.

Dean Taylor, a southpaw, started for the Junior Sheriffs and gave up ten of the Digger runs but Sylvan Ladner, relief pitcher, gave up the 11th and was charged with the loss. The Diggers got only one hit, a three-run homer by catcher Herbie Chelina, but made the most of 14 walks, six errors, and two batters hit by pitched balls.

The Coast Electric-Kids survived a shaky first inning, then scored one in the bottom of the first and three runs in each the third and fourth innings to post an easy triumph. Jay Warner started on the mound for Coast Electric but was relieved in the first frame by David Compretta who was the winner, allowing only one run and two hits the rest of the game. Jackie Strong was charged with the defeat.

Monti Rhodes had a single and a home run to lead the Coast Electric attack while Ronnie Genin and Dean Rauxet each stroked a double.

A two-run home run by first-baseman Aggie Orr enabled the Sheriffs to take a hard-fought 4-1 win over 7-Up Saturday. Danny Krankey also homered for the Junior Sheriffs and a perfect throw from deep center-field by Don Escapa cut down a 7-Up rally in the third inning which threatened to materialize into several runs. Roger Mitchell was the winning hurler while Al Jacob, although pitching well, was the loser.

Six runs in the third inning and six more in the fifth led the Coast Electric-Kids to an upset 14-2 win over Ken's Little Diggers in another Saturday game. David Compretta went the distance on the mound in getting the win for Coast Electric while Don Ladner was the loser for Ken's.

A two-run rally in the fifth gave the Diggers a Friday victory

over 7-Up in the first of a twin-bill. Larry Goyard was the winner, Jackie Strong the loser. In the second game, the Junior Sheriffs led all the way in winning from Coast Electric 11-1. Sylvan Ladner was the winning pitcher while starter M. J. Rhodes was the loser.

Legion Juniors Seek First Win Over Gulfport

The Bay St. Louis American Legion Junior baseball team journeyed to Gulfport Friday in quest of its first victory of the yet young season following a heart-breaking loss to Picanune Friday afternoon in Picanune.

The Picanune club made two first inning runs hold up for a 2-1 victory, although the local team was much more impressive than in their opener against Biloxi here last week.

Roddy Henley pitched the full seven innings for squad and allowed Picanune only three hits. The hometown team, however, could get a lone hit off the Picanune moundsman who faltered in only one inning, the fifth, when Bay St. Louis pushed across its single run.

After the Friday game against Gulfport, the locals are scheduled to go Monday to Biloxi, announced Coach A. J. (Buddy) Pitolo for a night game.

Riff-Raffs Win Play

At Logtown

A large number of spectators braved the elements Sunday afternoon at the Logtown field to see the Picanune Riff-Raffs win the nine-game tournament played by member teams of the Pearl River Softball League.

The Riff-Raffs had their closest game in the first round, but managed to squeeze out a 9-8 win over Pearl River. Smitty's Cafe, who captured second place in the event, defeated Union 7-3 while in other first round games, Pearlarington easily beat Blenville 14-3, Santa Rosa topped Logtown 8-7 and Nicholson won over Mill Creek by forfeit when the latter failed to field a team.

The Riff-Raffs downed Santa Rosa 14-7 the second round while Smitty's Cafe eliminated Pearlarington 7-3. In the third round, Smitty's edged Nicholson 8-6 while the Riff-Raffs shellacked the Picanune Independents, who had drawn a bye, 10-1. The Riff-Raffs then won the championship over Smitty's Cafe 4-1 in the best pitcher's duel of the day.

They will take place in Mrs. Sidney Bull's pool on Pecan Grove Lane, Waveland, Monday through Friday from 2 - 4 p.m.

Mrs. Porter also announced that the second session of swimming lessons will begin July 5 and last through July 15 with classes to be held Wednesday to Saturday the first week and Monday through Saturday the next. They will be held between 9 a.m. and 12 noon at the dock adjoining Municipal Pier

Junior Lifesaving Classes Scheduled, 2nd Swim Series
